GREGORIAN PUBLIC SCHOOL (GPS) RAJKOT

The Gregorian Public School, formerly known as St. Thomas School, has a rich history dating back to its founding in 1980 by the members of the Saint Thomas Trust, Rajkot. In 2024, the Orthodox Diocese of Ahmedabad took over its management with a vision to provide international-standard education, renaming it Gregorian Public School. The name "Gregorian" originates from the Greek term 'Gregorios', meaning "watchful," "alert," or "cautious".

Set on a serene four-acre campus, away from the city's hustle, the school offers an ideal environment for education. It harmoniously combines modern infrastructure with traditional values, creating a unique learning space. Currently affiliated with the Gujarat Education Board, Gandhinagar, the school is transitioning to the CBSE curriculum, ensuring a robust and well-rounded academic structure.

The Gregorian faculty is a dedicated and talented team committed to fostering the holistic development of students—intellectually, spiritually, physically, and emotionally. Guided by the motto "Ignite, Innovate, and Inspire", the school emphasizes instilling values such as knowledge, enthusiasm, compassion, patriotism, humility, and love for mankind and nature.

In addition to academic excellence, the school nurtures each child's individual potential, offering a balanced mix of curricular and co-curricular activities. With a personalized approach and an optimal teacher-student ratio, the institution ensures that every child is recognized for their unique talents.

A Gregorian graduate is envisioned to become a socially responsible and dynamic personality, dedicated to serving the nation with pride, purpose, and a sense of belonging. The school's ultimate goal is to shape individuals into valuable contributors to society, fostering a brighter future for all.
